

RethinkEd

K-12 Special Education Solutions

Curriculum Suites

- **Foundational Skills:** Develop independent learners by increasing communication and foundational skills for students with autism or related disabilities.
- **Academic Supports:** Bridge the learning gap to grade-level proficiency with Vizzle's® standards-based K-12 Math, ELA, Science, and Social Studies curriculum.
- **Social Emotional Learning:** Help students manage stress, build relationships, increase positive behaviors, and improve academic achievement.

Behavior Suite

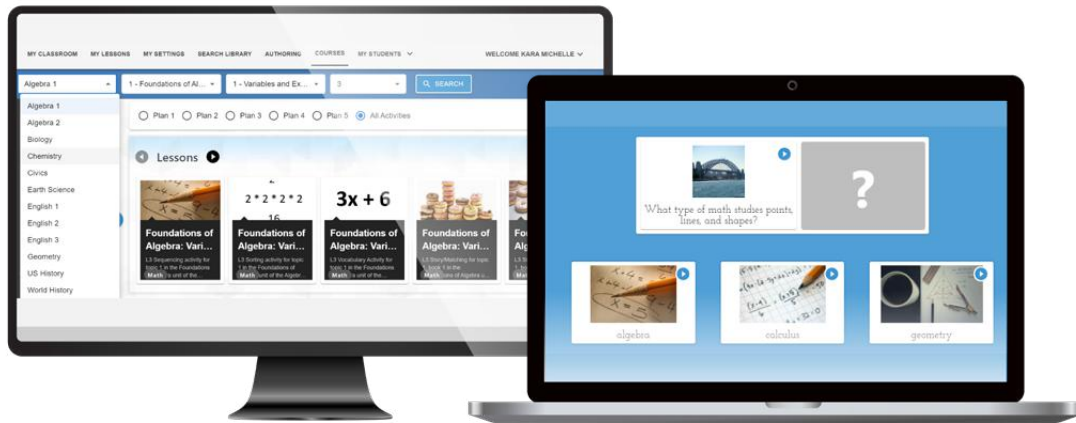

- Provides easy assessments, interventions, and progress monitoring tools to manage challenging behaviors.

Professional Development Suite

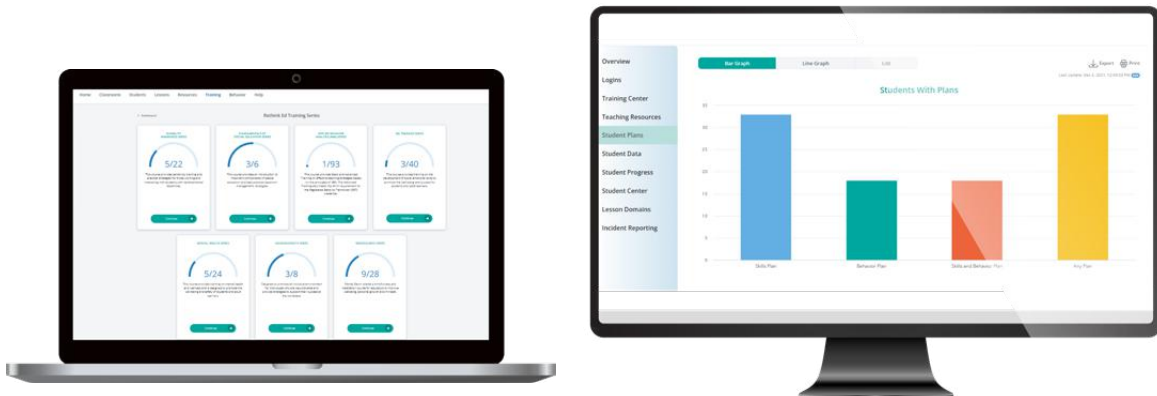

- Empowers educators to effectively manage their classrooms, create positive learning environments, and maximize student success.

Rethink Ed's solutions provide a robust suite of data collection tools that enable administrators to monitor participation and track progress, offering meaningful data to inform effective decision-making.

RethinkEd

Together We Power Potential

About Us

Rethink Ed was founded on a simple, yet powerful idea: To re-think education. To make it better and easier. To unburden school districts and empower educators. To improve outcomes and elevate accountability. To promote collaboration and inspire learning. And most importantly, to make a difference in the school day for everyone – administrators, educators, and students.

The Rethink Ed solution is part of Rethink First, a global company that is transforming behavioral healthcare. Similar to Rethink First's other solutions that are innovating and improving outcomes for clinicians and employers globally, Rethink Ed is pioneering EdTech with our relentless pursuit of innovative methods that put evidenced-based, data-informed, digitally delivered instruction and assessments into the hands of educators, clinicians, and parents who share our singularly minded focus: To power the potential of all children and to work together to help them succeed.
