IXL

One platform, endless possibilities

Trusted by **850,000** teachers

1 in 5 Texas students uses IXL

Math • Language Arts • Science • Social Studies • Spanish

IXL gives you everything you need to make a bigger positive impact on learning. Through an easy-to-use, all-inclusive platform, IXL provides thousands of curriculum and instructional resources, actionable analytics, and a state-of-the-art assessment suite. In addition to helping your students succeed academically, IXL can even uncover hidden obstacles to learning, increase teacher engagement, develop students' intrinsic motivation to learn, get parents more involved, and more.

IXL is one of the most widely used and trusted educational technology products:

20+ years

school districts

IXL is uniquely designed to support you and your students

All-inclusive, flexible platform

Fully integrated into a single platform, each component of IXL is designed to work together seamlessly to give you the tools and insights you need to maximize learning for every single student.

Actionable insights

The IXL analytics suite gives you clear and useful insights from the district to the school to the classroom. This meaningful data allows administrators to measure growth, teachers to provide data-driven instruction, and parents to stay abreast of their child's progress.

Empowering student experience

IXL gives students the tools to work independently, at a pace that's right for them. We even guide them with personalized skill recommendations so they can make smart choices about what to learn next.

Comprehensive curriculum and personalized guidance

IXL's comprehensive PK-12 curriculum supports essentially anything you want to teach, with 8,500+ skills in five subjects. Integrating our curriculum into instruction is easy, with skill plans that match textbooks and state standards. Plus, IXL provides each student with a personalized pathway for growth.

Instructional resources and classroom engagement tools

IXL's built-in instructional resources support students when they're working independently, with thousands of video tutorials, step-by-step lessons, and corrective feedback after every question. And IXL makes classroom learning engaging and exciting with collaborative features such as IXL Group Jams and IXL Leaderboards.

First-of-its-kind assessment suite

IXL offers an assessment suite that works in concert with our curriculum to give you real-time insight into performance, pinpoint gaps in knowledge, and provide specific next steps to help each student grow. Our assessments pair with our curriculum to create a seamless solution that unlocks maximum growth.

Actionable insights for all levels of your district

Administrators can quickly get a bird's-eye view of how well learners and teachers are engaging with the program and whether students are meeting grade-level expectations. For teachers, IXL Analytics provides powerful, up-to-the-minute insights that help them support every student at the right level.

District partnership, professional learning, and implementation services

Our skillful team delivers consultations and trainings to ensure you achieve the goals you've set for IXL. We also provide ongoing guidance about how to best support your educators and students throughout the school year.
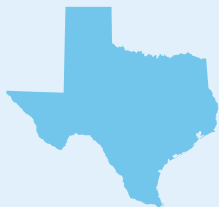

IXL is proven to accelerate learning

Studies in 36 states have found that schools using IXL outperform schools using any other program or method.

MATH
+11%

ELA
+17%

Texas schools using IXL outperformed schools without IXL on STAAR exams, by as much as 11 percentile points in math, 17 percentile points in reading, and 8 percentile points in writing.

BUILDING CONFIDENCE FOR THE STAAAR ASESSMENT

When English teacher Dawn Risinger prepares her middle school students for the STAAR test, she uses IXL to keep them engaged. IXL provides her with curriculum designed to meet the demands of the assessment while giving her the tools to track student progress at any point in time.

"I love using IXL in my classroom because it reinforces the grammar skills that I've been teaching students. I've seen so much growth from the beginning of the school year. It's a great way for my students to build their grammer confidence for writing their essays and taking the STAAR test."

Dawn Risinger, *7th grade English teacher, Nixon-Smiley Middle School, Nixon, Texas*

Get the IXL Effect

Tens of thousands of schools around the country are experiencing the IXL Effect—and you can too. These research-backed best practices can help you optimize learning and reach new levels of success:

Answer 15 questions per week

Schools where students answered at least 15 IXL questions per week outperformed all others on state assessments.

Strive for mastery

When students consistently reach proficiency and mastery of IXL skills, schools see as much as a 16-point bump on state assessments.
